

Just Dogs World Home Boarding and Day care

Mary Rose provides a unique chilled out environment for Doggy Boarding and Doggy Day Care. JDW's country cottage is on the Rutland Border, & boasts 4 resident dogs who welcome others into their pack on a daily basis.

No kennels - our guest dogs become part of the household and take over the surrounding garden and sofas/ beds provided or can bring their own bed if they prefer!

All dogs are walked twice a day over the accessible beautiful English countryside (weather permitting) served Breakfast and Tea (bring your own food!) and other home comforts.

Fresh bones are readily available and foraging / games, as a pack, are stimulating.

Happy household, happy dogs!

It is necessary for guest dogs to be of the following ilk!

1/ must be neutered or spayed- as JDW is a community base

2/ must be up to date with all vaccinations

3/ must be flea`d and wormed

4/ Not be aggressive with dogs or people

Please contact Mary Rose direct to check availability & suitability
